

F3PLAY

FUN – FAIR – FAST

With Meme at the helm, F3Play revolutionizes the way Web3 Lunatics engage with GameFi. Embracing a player-centric philosophy, our game offers a delightful and hilarious gaming experience. Every player has the chance to shine as a champion and quickly earn attractive rewards that remain immune to inflationary impacts.

THE DOWNFALL OF CURRENT GAMEFI

INFLATION

By staking or doing daily quest, the number of token distributed increase significantly. Without any controlling, inflation is an inevitable outcome.

UNATTRACTIVE REWARD

Most of the games reward user with Project Token. But due to the inflation, the value of the reward decrease day by day.

LOW MOTIVATION

The stronger keep being strong, while the others can't keep up. The power gap grows bigger as the game advance, which result in less new Players.

SOLUTION

VALUABLE REWARD

Instead of giving Project Token as a reward, F3Play will reward user with Native Token of Viction.

INFLATION CONTROL

Our Tokens are used for all activities within our ecosystem. A big portion will be returned to the pool, which will keep the circulating supply in check.

REINCARNATION

Every Season, Players will start over from the beginning. All the previous Seasons' achievements will provide a boost to the new journey.

PLAYERS CENTERED

Within a game community, there are various type of Players. With various game features, F3Play will satisfy the needs of all Players.

OUR REVEUNE

F3PLAY'S PROUDFUL FEATURE

EVERYTHING IS ON-CHAIN

Highest transparent level that no GameFi can rival.

All transactions, game mechanics, referral payout are completely on-chain. Nobody can control the battle result.

ENDLESS BATTLE

No absolute strongest in Meme world. Stronger squad only bring higher chance to win.

Meme squad need to retire at some point. When that time come, Players need to recruit new ones.

As long as Players participate in the battle, they will receive reward.

REFERRAL SYSTEM

KOL, Players can build their own community. Their reward depends on their performance.

EVERYONE CAN ENJOY

Various type of Players (battle lunatic, gacha maniac, upgrade addict) or even investor can find the game worth their time.

UNIQUE RANDOM ON-CHAIN

PROBLEM OF RANDOM ON-CHAIN SOLUTIONS

- ✗ Most of the current random mechanisms are easy to exploit.
- ✗ Advance mechanisms such as Chainlink require extra step & cost

OUR LEGACY WEAPON PROVIDE

- ✓ One-step random mechanism, which will enhance User Experience.
- ✓ Don't utilize third party's Oracle, which will optimize the cost.
- ✓ Cannot be exploited by simulating result or decompiling the algorithm.

VICTION IS THE PROMISING LAND

L1 OF THE FUTURE

Utilizing the mature of Viction, a solution that has high performance while maintaining the highest security level, which is ideally for GameFi's Players.

FASTER TRANSACTION

F3Play encourage Players to join the battle continuously, therefore, the high transaction speed of Viction will bring a seamless experience.

BETTER FEE

F3Play is a fully on-chain games, which means any activity will require gas fee. But with the optimized gas fee for Viction, it won't be a burden for Players.

GROWTH STRATEGY

How we'll scale in the future

GROW REWARD POOL

Support from Foundations will be used to increase the treasury pool. Hence, Players can receive higher reward.

PRICE CONTROLL

The volatility of Meme Token price can affect Players' experience and investors. The Meme have the rule to keep things in control.

COLLAB

Meme Empire won't stay at one place forever. Meme will collab with other to make the game funnier.
